

## **BUXTON NURSERY**

### **Statement of general policy on health and safety**

#### **MANAGEMENT RESPONSIBILITIES**

I believe that establishing and enforcing appropriate measures to control and monitor Health and Safety procedures is a vital part of the running of the business, and it is my aim to ensure it is efficiently and successfully carried out.

Therefore I will:

1. Ensure that all working practices used are safe and offer no health risk.
2. Ensure that all necessary precautions are taken in respect of the storage and handling of dangerous substances.
3. Maintain all working areas, and carry out regular inspection to ensure the continuing safe environment of the nursery.
4. Provide and inform staff of any new working practices, courses, training and instruction to ensure the Health and Safety at work of employees.
5. Maintain all equipment used within the nursery, and that used for the nursery, to a recognised, safe standard.
6. Provide adequate facilities for the welfare of employees.
7. Make all staff, volunteers and visitors to the nursery aware of our Health and Safety policy.
8. Review and update this policy and our procedures, with the input of employees taken into account.
9. Display the Health and Safety poster outside the office door at all times, and also in the school staff room.
